

Athlone Education Centre School Challenge

Imaginative Flowers

What you need

Toilet or kitchen rolls

Paint

Cotton buds

Paper (white or coloured)

Scissors

Pencil

Paint brush

Method

Step 1:

- Use a scissors to cut up from the edge in straight lines, cutting up into the toilet roll to about 2 cm.
- Repeat every 2 cm around the roll so it appears like the roll has slits and tabs.

Step 2:

- Fold the tabs backwards to resemble flower petals and the roll is ready for printing!

Step 3:

- Pour the paint onto some plates or old newspaper and spread out so that you can dip the toilet roll into it.

Step 4:

- Make a print by pressing the toilet roll down onto your piece of paper.

Step 5:

- Repeat using a new roll and some different colours.

Step 6:

- Add some details using cotton buds or the top of a pencil.

Step 7:

- Don't forget to paint a stem using green paint

Step 8:

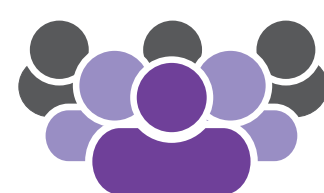

- Try it yourself and create some imaginative and different creations!
